## All in the family

We had a very busy and very successful Christmas, with a lot of carol playing by both the senior and youth bands, and a very enjoyable Christmas concert. The Youth Band looked resplendent in their new hoodies, and enjoyed marching for the first time at the Big Switch On, and a highlight of the season was entertaining residents at Heather View care home. The senior band were lured by the promise of a buffet to cross the border to Sevenoaks, and ended the season with the lovely Christmas Eve tradition of playing carols for the shoppers at Tesco, when ex-players returning to their families for Christmas always come back to join their band family.

14 players, 8 families, playing as one big family. Learning to play brass with other family members is a great joy. Come and give it a go. Beginners welcome
